She noted that Technical Services has uploaded over 16,000 records to Kanopy which is now available to all patrons. Ms. Geiser shared that she met with Denise Corcoran and Deidre Goode to work on streamlining the ordering process for the Children’s department.

Text of Tracy Geiser’s, Assistant Director, written report dated May 2018 below:

MAIN:

• I am submitting all orders that each department sends in and uploading their order records. I am also going through each deletion request. I have requested that many of the items be reordered if they are considered to be in unacceptable shape but are frequently used by the community. Items considered for deletion are those that are beyond repair, have unidentifiable markings or stains or are obsolete in their information.
• The Technical Services department has completed cataloging and RFID tagging the magazine collection in all locations. This will allow patrons to check out and reserve magazines through our catalog as they do other materials.
• The Technical Services department has completed uploading over 16,000 records for our new movie streaming service, Kanopy. Kanopy is currently available to our patrons for use.
• I will be working with the Children’s department on streamlining their ordering process. All Children’s librarians will be trained on Baker & Taylor and Ingram ordering sites as well as some minor cataloging.
• The policy for the introduction of virtual museum passes has been brought to the Policy Committee and will have its second of three reads at the BoT meeting on May 14, 2018. We are excited about the prospect of the virtual passes as it will allow more patrons have use of this wonderful service.
• April 10th brought National Library Worker’s Day. Each year, Elaine Phillip’s office requests each library to put forth a name in recognition for their excellence to library service. Last year we posthumously honored Ruth Klement. This year we have entered Jonathan Aubrey’s name in recognition of his work with the Great Neck Library. The recognition ceremony will be held at Senator Phillip’s office on May 11, 2018. David Aubrey, Jonathan’s brother and one of our staff members, will be there to accept the award on Jonathan’s behalf.
• I will be working with Children’s Librarian, Christian Marra, on Harry Potter Fest to be held on June 18, 2018 at the Main building. Being a Children’s/Teen Librarian and a Potterhead I am looking forward to this program.

BRANCHES:

• I will be working with the Branch Heads on setting up their own monthly staff meetings to make sure everyone keeps updated on what is going on at the Library.
• We continue to work with MDA Designgroup, our space planner for the Parkville and Station branches. A design has been accepted by the Branch Committee to put forth to the BoT for Parkville. Elisabeth Martin is now working on furniture ideas with the committee. There will be better lighting, a brand new Children’s room, and a larger program room, as well as few quiet study areas. Ms. Martin is currently working on a plan to present to the Branch Committee on May 21 regarding the Station branch.
• The architectural drawings for the Parkville Certificate of Occupancy have been sent in to the town and we had our inspection. We are currently waiting for the town to go through all necessary paperwork and to supply the certificate.
• The Branch Heads have rotated to their new branches as of Monday, April 30th. Justin Crossfox is now at Lakeville, Irene Winkler is at Parkville and Alana Mutum is at Station. I will begin my weekly visits this week now that they are settled in.
• The Branch Heads and Department Managers have planned some interesting and exciting summer programs for our patrons. I would like to thank everyone who contributed as I know that amount of meetings and time it took to complete this.

• The Branch Heads will begin getting retrained on Sage (our scheduling software) and trained on Ingram (a book ordering site).

• Quotes for new furniture for the Lakeville branch are under discussion. We are looking to replace the tables, chairs, computer chairs, Circulation desk chairs and to add some additional storage seating in the Children’s area as well as repaint the walls.
