VOTE: Yes – 6 (Schaufeld, Yan, Pizer, Marcus, Smith, Sassouni)
MOTION CARRIED UNANIMOUSLY

REPORTS

Branch Committee
Trustee Schaufeld reported that the committee met on December 11th and discussed the status of the Parkville and Station renovations. He added that the committee’s next meeting has been scheduled for January 7th.

Policy and By Laws Committee
Trustee Marcus noted that there are several policies on tonight’s agenda for a third reading and vote.
**Fundraising Committee**

Trustee Yan reported that the committee has had no recent meetings.

**Long Range Planning Committee**

Trustee Marcus reported that the next committee meeting is scheduled for January 9th where they will continue to discuss the library’s mission statement and goals, which will be presented to the Policy and Bylaws Committee. He added that both the Long-Range Planning Committee and Policy Committee will be meeting in November.

**Technology Committee**

Trustee Yan reported that the committee met in late November and discussed the new STEM lab, back up computer servers, the library website RFP and the purchase of new computers. He noted that all those items are on tonight’s agenda for approval.

**Grants**

Director Corcoran noted the purchase of materials for STEM lab is on tonight’s agenda.

**Director’s Report**

Director Denise Corcoran reported that shelving has arrived and been installed at Main. This shelving will be used to display oversized art books. She added that furniture was moved to accommodate the shelving which resulted in the creation of an additional study space in the reference area. Ms. Corcoran shared that Level’s participation in Craft for a Cause continues and is helping teens fulfill their community service requirements. She shared that the AED units at all library locations were inspected and are in good working order. Ms. Corcoran reported that the arrows in Main’s parking lot have been repainted to ensure the safety of staff and patrons. She also announced that foreign language titles continue to be added to the collection and balanced throughout all locations

Text of Denise Corcoran’s, Director, written report dated December 2018 is below:

**ADMINISTRATION**

- Christopher Van Wickler, our new Emerging Technologies Librarian, began on November 13th and immediately added exciting technology programs to our Winter events. The programs include: Augmented Reality, Tech Assistance and 3D Printing.
- We will be purchasing additional computer servers and cloud storage to back up the library’s network.
- Youth Services’ monthly Craft for a Cause continues. They have partnered with the North Shore Hebrew Academy to increase awareness of the program and assist teens in fulfilling their community services requirements.
- The list of hardware to purchase for our new STEM lab has been finalized. The list includes a 3D printer, laser cutter and gaming laptops.
- Foreign language titles continue to be added to our collection. Staff is working to balance these titles throughout all our locations to meet community needs.
- 30 new staff computers will be purchased from Dell to replace outdated models.
- We have received pricing from Baker & Taylor and Ingram for “shelf-ready” book processing. We have finalized our list and are ready to order.
- Docuware migration is still in progress.
- We continue to interview candidates to fill current vacancies.
- I continue to meet monthly with the Dept. Head’s president and the Staff Association president to ensure open lines of communication and good working collaboration.
- I have met and or had phone conversations with our patrons to resolve issues and hear suggestions for better service.

COMMUNITY & OUTREACH

- Wednesday, November 14th – Great Neck House to accept the return of Art Books
- Saturday, November 24th – Ed Amrhein Dedication
- Friday, November 30th – Thomas Geitner, CEO and Noel Miranda of Bibliotheca visited to see how the RFID machines were working

MAIN LIBRARY

- New shelving has arrived and has been installed at Main. This has given us an opportunity to display our large collection of Art books.
- Furniture has been reconfigured to provide space for the shelving. In doing so, additional study space was added to the reference area.
- Shelving has been added to Children’s for the addition of foreign language books.
- Preparations continue for the space designated for our new STEM lab.
- Installation of electrical and data cables is necessary in Technical Services due to staff relocation. A resolution to approve this work is on tonight’s agenda.
- We continue to work to resolve HVAC – punch list items.

BRANCHES

- New furniture for Lakeville Branch has been ordered and is expected to be delivered in January.
- On November 20th I met with a mechanical engineer from FPM Group regarding the Station Branch renovations.
- On December 6th an inspector from the Town of North Hempstead went to the Parkville Branch regarding our Public Assembly Permit. Another visit will be necessary.
- We are continuing our work with MDA designgroup on the Parkville and Station renovations.
Assistant Director’s Report

Assistant Director Tracy Van Dyne announced that new furniture for the Lakeville Branch has been ordered. She stated that she is working on getting quotes for painting and carpet cleaning. Ms. Van Dyne shared that the list of shelf ready books has been finalized and is on tonight’s agenda for approval. She stated that the purchase of these books will greatly assist the Technical Services staff in preparing items in a more efficient and timely manner for our patrons.

Text of Tracy Van Dyne’s, Assistant Director, written report dated December 2018 is below:

Main:
- On Tuesday, December 4, I attended a webinar from OCLC entitled Introduction to OCLC Interlibrary Loan.
- With the arrival of the new shelving, we have done a bit of furniture shifting. Two tables have been moved to the rear of the Reference department allowing for more study space. Four soft seating chairs have been moved down to the gallery to give patrons a place to sit as they peruse the art books.
- I have been holding bimonthly meetings with the Maintenance staff to keep up on what is going on in the building.
- New shelving for the library began arriving on November 8th. We are waiting for the arrival of our mobile shelving units that will go in the center of the gallery. The company will install the last of the shelving on December 11.
- In anticipation of our new STEM Lab, I have been working with Maintenance and Garry Horodyski from IT on moving staff members to their new locations throughout the building. We have submitted quotes for the installation of electric and data cabling for the back portion of the Technical Services room. Once this project is complete, the rest of our staff can be relocated to this room and we can begin working on the STEM Lab.
- I would like to welcome Christopher Van Winkler as our new Emerging Technologies Librarian. Chris will be running our much anticipated, future STEM Lab.

Technical Services:
- I have been holding monthly staff meetings with the Technical Services staff. We discuss any issues, concerns, updates and changes that are being made to assist in the department running more smoothly.
- I submit all orders from each department and upload the order records.
- I am continuing to go through each deletion request. I have requested that many of the items be reordered if they are considered to be in unacceptable shape but are frequently used by the community. Items considered for deletion are those that are beyond repair, have unidentified markings or stains or are obsolete in their information.
- I have been in contact with our two largest book vendors, Baker & Taylor and Ingram, in regards to begin ordering items that are Shelf-Ready. All quotes and any other pertinent information have been handed in to the Finance committee for review. This project also involved communication with Innovative and OCLC. Shelf-Ready items will assist our Technical Services department in preparing items in an even more efficient and timely manner for our patrons. They will now be able to spend more time working on other projects.
- The art books have been returned to the library. Along with the Reference department, Technical Services will begin recataloging these items to have them returned to the shelves. The art collection will be found on the new shelving in the gallery area.
- Departments have been fulfilling patron requests and ordering items for our foreign language collections. Numerous items are being added to Main as well as the branches who will be receiving some brand-new collections that they have never had before. We are working on making sure that each building has what it needs to fit our communities.

Branches:
- I continue to hold weekly Branch visits as well as monthly Branch Head meetings. Currently the main topic on everyone’s mind is of course the upcoming renovations for Parkville and Station. Topics regarding better publicity, increasing circulation statistics, programming and maintenance are discussed. The branches are always working to better assist their patrons.
• Branch Heads continue to schedule monthly staff meetings with their branch staff as to keep everyone updated.
• We continue to work with MDA Designgroup, our space planner for the Parkville and Station branches. MDA is currently working on updated construction documents to be able to move on to the next phase of our renovations.
• The Lakeville furniture has been ordered. We are currently working on obtaining quotes for painting and carpet cleaning.

OLD BUSINESS

(a) Policy Manual Change – Section 700-40 - 3rd Read & Vote
