REPORTS

Branch Committee

President Miller announced that the committee met on March 20th. She stated that the planned renovations of the Parkville and Station branches continue to move forward. Ms. Miller noted that the committee is scheduled to meet again on May 9th.

Main Building Committee

Trustee Yan reported that the committee met on March 27th. He shared that three proposals were received for the website update but that only one company had experience working with libraries. Mr. Yan noted that there was a large variance regarding the cost between all three companies. He stated that more work is needed before moving forward with this, including reaching out to NLS to determine if they will provide their website design services. Trustee Yan added that the library’s sustainability initiative was also discussed by the committee. He said that the library is already taking steps towards being more sustainable including the elimination of plastic bags.

Grants

Acting Director Tracy Van Dyne reported that she and Business Manager Steven Kashkin continue to work on finalizing the paperwork for the RFID grant. She noted that the process of submitting receipts for reimbursement of the STEM lab grant has begun. Ms. Van Dyne shared that Adam Hinz is in contact with the County regarding the status of the $20,000 awarded to the library for the purchase of recording studio items for Levels.

Acting Director’s Report

Acting Director Tracy Van Dyne announced that she met with several staff members regarding the library’s ADA compliancy. She said they are working on setting a meeting with Valerie Lewis, Outreach Coordinator from the Suffolk Cooperative Library to determine what services and equipment the library can use to better serve our patrons. Ms. Van Dyne shared the success of the newly opened STEM lab and noted that it is receiving a steady stream of visitors. She said that the chicks from Suffolk Cooperative Extension have arrived to Main and Parkville and that they can be viewed on our YouTube channels. Ms. Van Dyne announced that, due to high demand, Parkville is adding Spanish language books to their collection. She reported that a new roof drain has been installed at Main and that the old one was capped. Ms. Van Dyne added that the pointing of the flagstone wall at Main has also been completed.
Text of Tracy Van Dyne’s, Acting Director, written report dated April 2019 is below:

Main:
- The STEM Lab continues to be a success! As well as programming for our patrons, tours and training will be arranged for our staff to ensure that everyone is familiar with our offerings and can assist in promotion. We have also had libraries reaching out for tours as they begin to create their own STEM spaces.
- We are still waiting to hear about our DASNY grant money for our RFID system but all paperwork has been submitted.
- The Annual State Report will be submitted once it has been approved by our Trustees at the April Board meeting.
- I have been working with Nick in order to begin updating our Circulation and Reserves Manuals. Any circulation policies that are also in the Trustee manual are being brought to the Policy Committee for review and possible updates.
- We have hired Leanne Minkoff, a part time STEM Librarian who will assist Chris with the STEM Lab as well as providing more programming opportunities and allowing for more available time for the room to stay open.
- The Children’s Department is diligently working on revamping our Summer Reading Club in order to make it accessible for more patrons to have the opportunity to join.
- I continue to hold bimonthly meetings with the Maintenance staff to ensure that the building is running as it should.
- We continue to work towards a resolution regarding the HVAC system.
- I have met with Nick, Pam, Adam, Chris and Donna to discuss ADA compliancy. We are planning a meeting with Valerie Lewis, Outreach Coordinator from the Suffolk Cooperative Library System. She will show us possible software and equipment that can be incorporated in to our services for our patrons.
- Staff training and workshop attendance has increased. Attending training helps to ensure a better customer service experience as well as keeping staff updated on the newest trends. Upcoming conferences are Innovative and the Long Island Library Conference as well as smaller ones held at the Nassau Library System. We are also working on ideas for our annual Staff Development Day to be held on November 11, 2019. Staff has already provided quite a number of topics they would like to see.
- Staff Training in March:

Technical Services:
- We are currently interviewing for a Technical Services Manager who we hope to have on staff by the end of May.
- I continue to hold monthly staff meetings with the Technical Services staff. We discuss any issues, concerns, updates and changes that are being made to assist in the department running more smoothly.
- I submit all collection orders from each department and upload the order records.
- We have received our first Shelf-Ready test delivery from Baker & Taylor. I will sit down with the Technical Services Department on April 10th to go through each item and see what might need to be fixed on the vendor’s end. We will then have a meeting with the representatives and inform them of any changes that need to be made for future orders.
• Departments have been fulfilling patron requests and ordering items for our foreign language collections. Numerous items are being added to Main as well as the branches who will be receiving some brand-new collections that they have never had before. We are working on making sure that each building has what it needs to fit our communities. We are coming close to the end of our fiscal year and all orders must be received by June 30th.

Branches:
• I continue to hold monthly Branch Head meetings. Currently the main topic on everyone’s mind is of course the upcoming renovations for Parkville and Station. Topics regarding better publicity, increasing circulation statistics, programming and maintenance are discussed. The branches are always working to better assist their patrons.
• Branch Heads continue to schedule monthly staff meetings with their branch staff. They are encouraging their staff to look into future training that they may be interested in for our 2019 Staff Development Day.
• Our chicks from the Suffolk Cooperative Extension in Yaphank have arrived at Main and Parkville! Come for a visit at either location or view their development online through our YouTube site at (Parkville) https://www.youtube.com/watch?v=_jRNp9E7Zjo or (Main) at https://www.youtube.com/watch?v=8p3gHVZYGH
• The Branch Heads have met with Nick to learn how to run reports for our Self-Check Out statistics.
• We continue to work with MDA Designgroup, our space planner for the Parkville and Station branches.
• I have met with Alana and Charlie and we will put together a painting plan to bring to the next Branch Committee meeting for the Lakeville Branch.
