REPORTS

Branch Committee

Trustee Smith reported that the committee met on June 13th. He noted that there are two items for approval on tonight’s agenda for the Lakeville Branch painting and carpet cleaning. Dr. Smith announced that the Acting Director is working on obtaining more moving company bids for committee consideration. He stated the permit approval process for the Station Branch renovations is ongoing. Dr. Smith shared that, regarding the Parkville Branch renovations, our architect continues to work with the school board’s architect to finalize the project plans. He invited all to attend the next Branch Committee
meeting, scheduled for Monday, September 23rd, where Elisabeth Martin from MDA design group will be on hand to give an overview of and to go over the status of the projects.

**Director Search Committee**

Trustee Sassouni reported that there is an item on tonight’s agenda to recanvas the RFP for a search firm for a new director as they were unable to come to an agreement with the previously chosen firm.

**Main Building Committee**

Trustee Yan reported that the committee met on September 11th. He stated that the library’s sustainability efforts are ongoing and that a “guru” will be invited to a future meeting to further educate them on sustainability. Mr. Yan shared that, in response to the website RFP submissions, the committee will be inviting Searles Media to their next meeting to review their proposal. He said that DEC approval in regards to the landscaping is still pending.

**Grants**

Acting Director Tracy Van Dyne reported that they received their final STEM grant reimbursement in the amount of $46,701.85. The money has been returned to the Automated Library Fund.

**Acting Director’s Report**

Acting Director Tracy Van Dyne announced that a report from our Local History librarian is now included with the staff reports. She stated that the STEM lab continues to be very popular and that on August 2nd it was toured by Min Liu from LILRC along with a number of library directors. Ms. Van Dyne reported that all departments and branches completed Active Shooter Training facilitated by Officer Steve Krukowski of the Nassau County Police Department. She added that panic buttons have been installed in the library’s three multi-purpose rooms and STEM lab. Ms. Van Dyne highlighted the success of the Children’s Department Summer Reading Club which had over 700 participants. She shared that the first shelf ready book order was placed and is expected to arrive next week. Ms. Van Dyne extended her congratulations to Egita Johnson, the newly appointed branch head at the Parkville Branch Library.

Text of Tracy Van Dyne’s, Acting Director, written report dated September 2019 is below:

**Main:**

- Our STEM Lab staff continues to plan wonderful programs that bring in new patrons, young and old. On August 2, Min Liu from LILRC scheduled a tour for library Directors to experience the Lab and see what projects were being worked on at the time. Each Director left with a little trinket made in the Lab.
- **A reminder:** The Museum of Modern Art will be closed for renovations from June 17 – October 20, 2019. This has been relayed to the staff as well as placed on social media and the website. The museum has extended our pass for an extra 4 months to compensate.
- All departments and branches have completed Active Shooter Training and walkthroughs with Office Steve Krukowski from the Nassau Police Department. Officer Krukowski has been asked to present at our annual Staff Development Day in November.
- The August staff meeting welcomed Matthew Dwyer, the Director of the Nassau County Office for the Physically Challenged. Matt spoke about and answered staff questions pertaining to “service” animals as opposed to “emotional support” animals, correct language to use, disability labels, etc.
• The book sale held on August 29th-31st raised $571. I am looking to place a permanent book sale shelf near the circulation desk. This has been a request of many of our patrons. Thank you to all who attended and especially the staff members who assisted throughout each day.
• Nick Camastro and I will do our annual patron purge this month in order to clean out old accounts that have not been renewed in the past 5 years. This assists in keeping our patron lists current for the upcoming elections.
• I have begun scheduling our annual Staff Development Day to be held on November 11, 2019. I was very happy to see the response to my request for workshop topics as well as the variety. Besides CPR/AED, team building, stress relief, and active shooter topics, a topic that I am looking to add will instruct our librarians in the correct way to determine false information from truth. This will greatly assist them while they in turn assist our community.
• We have received our STEM Lab grant monies in the amount of $46,701.85.
• Nick and I continue to work on updating our Circulation and Reserves Manuals. Any circulation policies that are also in the Trustee manual are being brought to the Policy Committee for review.
• Administration and the Board of Trustees continue to work towards a resolution regarding open building issues.
• Telstar installed panic buttons in all three program/multipurpose rooms and the STEM Lab.
• I have been attending monthly Director’s meetings at the Nassau Library System to keep abreast of what is going on in the county and state regarding our libraries.
• We are currently in negotiations for the Head Clerk position and hope to have person in their position as soon as possible.
• We are looking to hire two temporary part time librarians for the Children’s Department.
• The posting for Web Designer just closed and we will begin interviews soon.
• In July, the parking lot was restriped and a fire lane was added.
• The Children’s Department had a wonderful Summer Reading Club turnout this year with over 700 participants.
• Staff training is ongoing. Training helps to ensure a better customer service experience as well as keeping staff updated on the newest trends.
• Staff Training in July – September:

**Technical Services:**
• It is a new fiscal year so we are working with the departments on keeping track of their collection budgets.
• Interviews for the Technical Services Manager position are ongoing.
• I continue to hold monthly staff meetings with the Technical Services staff. We discuss any issues, concerns, updates and changes that are being made to assist in the department running more smoothly.
I submit all collection orders from each department and upload the order records.
Our next B&T order will begin our Shelf-Ready experience. We are all looking forward to this project beginning.
Departments have been fulfilling patron requests and ordering items for our foreign language collections. We are working on making sure that each building has what it needs to fit our communities.
Multilingual ordering has been boosted for all languages and locations in order to accommodate the different surrounding communities.

Branches:
I would like to congratulate Egita Johnson, our new Parkville Branch Head. She began her position on September 2.
I continue to hold monthly Branch Head meetings. Topics regarding better publicity, increasing circulation statistics, programming and maintenance are discussed. The branches are always working to better assist their patrons.
Branch Heads continue to schedule monthly staff meetings with their branch staff. They are encouraging their staff to look into future training that they may be interested in for our 2019 Staff Development Day.
Station Branch Renovation update: we are currently working with the landlord and MDA, our architect, on creating a work letter in order to move forward. I have also been working on obtaining a work permit from the Town of Hempstead that needs to be furnished with the landlord work letter.
Parkville Branch Renovation update: the BBS contract (the school architect) is currently back and forth between themselves and library counsel for editing. Once this is complete, we can move on to the next steps. The Town had come in to inspect the Parkville branch in order to renew our Public Assembly permit. Everything was approved with the exception of the new fire alarm the school put in over the summer and only completed the last week of the summer. Because this is a new system, we are obtaining the information from the school district in order to update our application.
Lakeville Painting update: The painting and carpet cleaning companies have been decided on and are awaiting our go ahead. Due to lack of enough responses I was asked to post the RFP again and this will be discussed at the September Branch Committee meeting at the end of the month.
